

**ALGEBRA 2 – INTERACTICE THINK BOOK – TABLE OF CONTENTS-Chapter 1 & Algebra Review**

| <b>PAGE #</b> | <b>DATE</b> | <b>LESSON</b> | <b>TITLE</b>  |
|---------------|-------------|---------------|---|
| 1             | NA          | NA            | The Eight Mathematical Practices  |
| 2             | NA          | NA            | Depth of Knowledge(DOK) Levels  |
| 3             | NA          | NA            | General Team Roles  |
| 4             | NA          | NA            | Syllabus  |
| 5             | NA          | NA            | Graphing Calculator Interactive Notes   |
| 6             | NA          | NA            | Graphing Calculator Schematic   |
| 7             | 8/23        | 1.1.1         | Interactive Notes for Functions   |
| 8             | 8/23        | 1.1.1         | Math Notes on “Functions”   |
| 9             | 8/23        | 1.1.1         | Interactive Notes for “Determining a Function”  |
| 10            | 8/23        | 1.1.1         | Determining What is and is not a Function Multiple Ways                               |
| 11            | 8/23        | 1.1.2         | Interactive Notes for Linear Equations  |
| 12            | 8/23        | 1.1.2         | Linear Equation Forms Flip Chart  |
| 13            | 8/23        | 1.1.3         | Interactive Notes for Domain and Range  |
| 14            | 8/23        | 1.1.3         | Math Notes – “Domain and Range” and “DIXROY” Graphic                                  |
| 15            | 8/30        | 1.1.3         | Interactive Notes for Graphic Organizer – Domain and Range Finder                     |
| 16            | 8/30        | 1.1.3         | Graphic Organizer – Domain and Range Finder   |
| 17            | 8/25        | 1.1.4         | Interactive Notes for “The Process of Investigating”                                  |
| 18            | 8/25        | 1.1.4         | Illustration of Investigating a Function and a Full Investigation of $f(x) = x^2 + 2$ |
| 19            | 8/25        | 1.1.4         | Interactive Notes for Solving Quadratic Equations                                     |
| 20            | 8/25        | 1.1.4         | Math Notes on Solving Quadratic Equations   |
| 21            | 8/26        | 1.2.1         | Interactive Notes for Triangle Trigonometry   |

**ALGEBRA 2 – INTERACTIVE THINK BOOK – TABLE OF CONTENTS-Chapter 1 & Algebra Review**

|    |      |       |  |
|----|------|-------|--|
| 22 | 8/26 | 1.2.1 | Math Notes on Triangle Trigonometry                          |
| 23 | 8/30 | 1.2.2 | Interaction with Summary Statement Notes                     |
| 24 | 8/30 | 1.2.2 | Example of a Good Summary Statement copied from Problem 1-81 |
| 25 | 8/30 | 1.2.2 | Interaction with Math Notes “Graphs with Asymptotes          |
| 26 | 8/30 | 1.2.2 | Math Notes “Graphs with Asymptotes”                          |
| 27 | 9/12 | A.1.2 | Interact with Continuous and Discrete Graphs                 |
| 28 | 9/12 | A.1.2 | Math Notes “Continuous and Discrete Graphs                   |
| 29 | 9/13 | A.1.2 | Interact with Laws of Exponents                              |
| 30 | 9/13 | A.1.2 | Law of Exponents Graphic Organizer/Flip Chart                |
| 31 | 9/15 | A.3.2 | Interact with Types of Sequences                             |
| 32 | 9/15 | A.3.2 | Math Notes “Types of Sequences”                              |
| 33 | 9/16 | B.1.5 | Interact with Step Functions                                 |
| 34 | 9/16 | B.1.5 | Math Notes “Step Functions”                                  |
